Make the Most of Two Powerful Days at MEGAWATT 2025

Why spend weeks traveling, planning meetings, and stretching your budget? With just **two concentrated days at MEGAWATT 2026**, your company can:

- **Optimize costs** and reinvest resources more effectively
- **Save time and travel** by meeting all your key partners in one place
- **Connect with decision-makers**, innovators, and top players in the energy sector
- **Offer your team a unique experience** that combines business with inspiration

In addition to world-class conferences and a cutting-edge exhibition, MEGAWATT 2025 offers:

- An **exclusive gala dinner** with outstanding cuisine and networking opportunities
- Quality entertainment in a dynamic and engaging setting
- The chance to **explore** the local area, including a visit to a **medieval village** or excursions to nearby **Garda, Como or Iseo lakes** and **mountain** trails or Site visit of nearby **Milan, Venice, Verona.**

Give your company and your team **two unforgettable days** of business, discovery, and inspiration — all in one place.

INTEREST IN SPEAK?

Submit your abstract !

- Simply write us to submit your abstract(s) of 500 to 1000 words by 15th March 2026 - extended deadline
- Abstract content: emphasize new contributions in knowledge or experience, potential applications of the presented information, key findings, and significant conclusions. Include any advancements in technology, economics, or innovation. Ensure the abstract reflects completed work rather than developing ideas or preliminary research. It should serve as an informative and precise summary of the full paper, not just a list of topics to be discussed.
- All applicants will be notified about the status of their abstracts at the middle of August.
- Authors of selected contributions will be asked to write a full paper and register for the conference by 10th June 2026 to become Speakers, with a maximum of two speakers per paper. This role requires presenting in person at one of the Technical Sessions.
- Abstracts or papers that have been previously published or circulated are not accepted. If selected, authors must confirm that the full paper they will present at MEGAWatt Exhibition & Conference 2026 has not been published elsewhere.
